

## **Jürgen Schönhut Memorial**

CIP4 Internat'l Print Production Innovation (CIPPI) Awards recognize leading printers, publishers or prepress services who demonstrate uncommon industry leadership in their pursuit of process automation technology.

These prestigious print industry CIPPI Awards are presented globally by an independent review panel of judges and include:

- ▶ Best cost/benefit realization and improvement in efficiency as a result of process automation implementation
- ▶ Biggest improvement in quality production & customer responsiveness as a result of process automation
- ▶ Most innovative use of process automation technology in an implementation \*
- ▶ Small Business Process Automation Implementation of the Year (e.g., companies with less than 20 total employees, regardless of the number of locations.) \*
- ▶ Best Digital Printing Process Automation Implementation of the Year \*

CIPPI Awards are also given each year for:

- ▶ The Best Process Automation Implementation in each of the North America, Europe, Asia Pacific and Emerging Markets.\*
